

# Chain Conveyor

Chain Conveyor modules are designed to transport pallet loads up to 600 lbs per foot with bottom boards perpendicular to the direction of transport and are available in two and three chain versions. The chains provide a strong supporting surface to convey pallets. With this design, chain tensioning is quick and easy with no requirement to remove guards.

## Technical Data:

<p><b>Widths:</b></p> <ul style="list-style-type: none"> <li>Nominal Widths (NW) available are 26", 32" and 38"</li> <li>Chain Centers ("A") are 24", 30", and 36" as a standard. Other widths are available upon request.</li> </ul>	<p><b>Lengths:</b></p> <ul style="list-style-type: none"> <li>Standard Conveyor Sections are available in 5 feet and 10 feet lengths</li> <li>Custom conveyor lengths are available upon request; contact NACI for additional information</li> </ul>	<p><b>Configurations:</b></p> <ul style="list-style-type: none"> <li>2-Strand configuration</li> <li>3-Strand configuration</li> </ul>
<p><b>Drive:</b></p> <ul style="list-style-type: none"> <li>Right angle gear motor</li> <li>½ thru 5 hp motor as required, 230/460, 3 phase, 60Hz</li> <li>Available in either Head or Center drive configurations</li> </ul>	<p><b>Speed:</b></p> <ul style="list-style-type: none"> <li>30 feet per minute standard</li> <li>Contact NACI for faster speed requirements</li> </ul>	<p><b>Load Capacity:</b></p> <ul style="list-style-type: none"> <li>Up to 6000 lbs load capacity models are available</li> <li>Contact NACI for specific load requirements</li> </ul>

### Features:

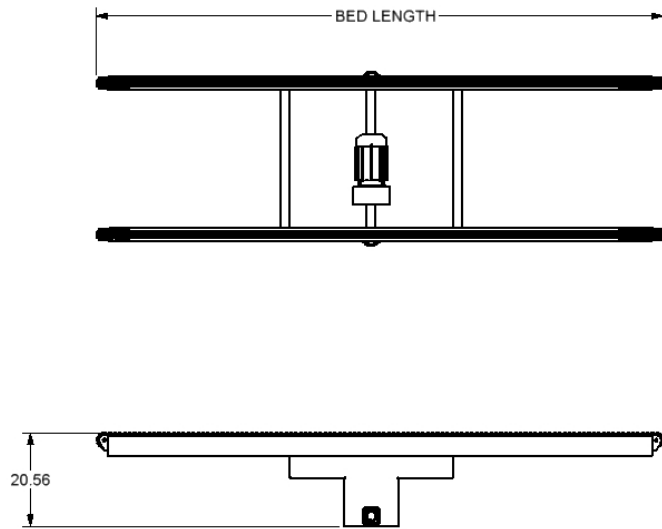

- Heavy Duty
- Built to Order- Modifications Easily Made
- Reversible
- Easy Maintenance

### Applications:

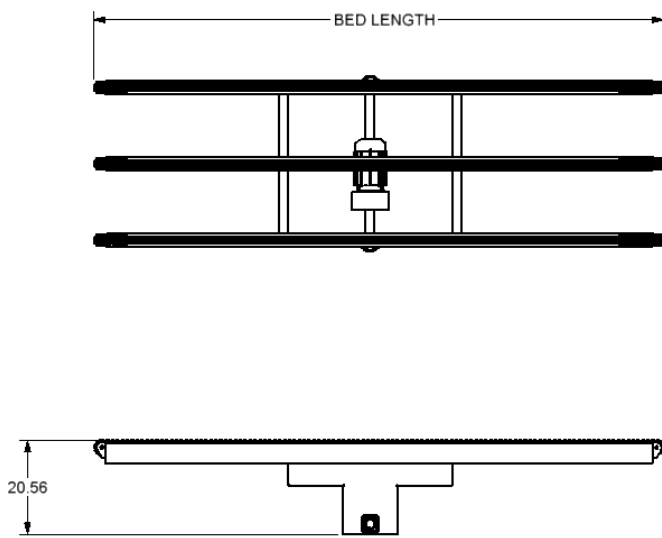

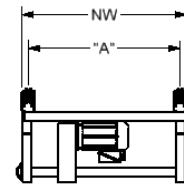

- Transport Heavy Pallet Loads

### Options:

- Custom Widths
- Floor Supports
- Diagonal Support Braces

**2 – Strand Configuration**

**3 – Strand Configuration**
